## **Poisoned: How a Crime-Busting Prosecutor Turned His Medical Mystery Into a Crusade for Environmental Victims by Alan Bell**

(Skyhorse)

Bell was a rising criminal prosecutor in Miami when he got sick. His symptoms were so bizarre that doctors suspected he had been poisoned by the Mafia. But as his health declined and he was forced to move to a sterile “bubble” unit in Arizona, he discovered the real culprit was his former office building. As he started searching for a cure, he learned that millions of people become ill and die each year due to toxic chemical exposures without even knowing it.
